

*International Workshop of the PV-ESTIA project*  
**Towards an efficient implementation of storage in buildings**  
**Experiences and good practice**

Thessaloniki December 5, 2019  
 The MET Hotel

## Agenda

09.00 – 09.30	Registration
09.30 – 09.40	Opening Welcome
<b>Session 1 – The European experience, research and perspectives for storage.</b>	
09.45 – 10.05	The path towards energy efficiency in Smart Buildings, the PV-Estia project <i>Prof. Grigoris Papagiannis, Power Systems Laboratory          Aristotle University of Thessaloniki</i>
10.05 – 10.30	Energy storage systems in Italy: results and opportunities <i>Dr. Susanna Mocci, PhD          Dpt di Ingegneria Elettrica ed Elettronica, Università degli Studi di Cagliari</i>
10.30 – 10.50	Photovoltaic system with battery storage in pilot residential building in Slovenia <i>Prof. Dr. Peter Vrtič, Head of the Laboratory for Energy Conversion          University of Maribor</i>
10.50 – 11.00	Questions - Discussion
11.00 – 11.15	Coffee break
<b>Session 2 –Hybrid PV+Storage. The interreg Balkan MED area experience.</b>	
11.15 – 11.35	Current state of NZEBs, PVs and storage in N. Macedonia. The next steps? <i>Prof. Vlastimir Glamocanin, Faculty of Electrical Engineering and Information          Technologies, Ss Cyril and Methodius University, Skopje</i>
11.35 – 11.55	Legislation, experiences and opportunities for PV+storage and NZEBs in Bulgaria <i>Petar Kisiov, Energy Agency of Plovdiv</i>

<b>11.55 – 12.15</b>	<p>Review of the latest EU Directive for the internal electricity market: The cornerstones of the future power system in Cyprus</p> <p><i>Nikolas Chatzigeorgiou, Special Scientist</i></p> <p><i>FOSS Research Centre for Sustainable Energy / PV Technology Laboratory, Department of Electrical and Computer Engineering, University of Cyprus</i></p>
<b>12.15 – 12.40</b>	<p>The Greek framework for the use of Battery Energy Storage Systems (BESS) behind the meter: HEDNO's role towards energy transition</p> <p><i>Fotis Gakis, Network Users Department, Hellenic Electricity Distribution Network Operator</i></p>
<b>12.40 – 13.00</b>	Questions - Discussion
<b>13.00 – 14.00</b>	Lunch break
<b>Session 3 – Developing the tools for the future intelligent power grids</b>	
<b>14.00 – 14.20</b>	<p>The PV-Estia project– Facilitating the efficient implementation of storage in buildings</p> <p><i>Prof. Georgios Christoforidis, Electrical &amp; Computer Engineering Department, University of Western Macedonia, Kozani</i></p>
<b>14.20 – 14.40</b>	<p>How Storage and AI are transforming the energy grid and the European Utility Market towards an Intelligent self-adapting system</p> <p><i>Dr. Vassilis Nikolopoulos, Head of Applied R&amp;D and Innovation, Protergia, Mytilineos SA</i></p>
<b>14.40 -15.00</b>	Coffee break
<b>Panel Session</b>	
<b>15.00 – 16.00</b>	<p>Discussion on the new landscape, on new opportunities and on the next steps towards the efficient integration of storage in buildings</p> <p><i>Panelists: S. Mocci, P. Virtic, F. Gakis, V. Nikolopoulos, facilitator G. Papagiannis</i></p>
<b>16.00 – 16.05</b>	<p>Conclusions – Wrap-up.</p> <p><i>Prof. G. Papagiannis, Aristotle University of Thessaloniki, Greece</i></p>

## Partners

**Aristotle University of Thessaloniki -Department  
of Electrical & Computer Engineering, GREECE**

**University of Western Macedonia, GREECE**

**University of Cyprus - Foss Research Centre For  
Sustainable Energy, CYPRUS**

**Energy Agency of Plovdiv, BULGARIA**

**Faculty of Electrical Engineering and Information  
Technologies of Ss. Cyril and Methodius  
University in Skopje, NORTH MACEDONIA**

## Funded by

**The project is co-funded by the  
European Union and National Funds  
of the participating countries**

For more information:

[www.interreg-balkanmed.eu](http://www.interreg-balkanmed.eu)

## Observer Partners

**Ministry of Environment and Energy - Directorate  
for Renewables and Electricity, GREECE**

**EVN Electric Power Company of North Macedonia  
AD Skopje, NORTH MACEDONIA**

## Follow us!

**Enhancing Storage Integration in Buildings with Photovoltaics - PV ESTIA**
